ABOUT ME

I have IT related background. In Dec 2016 i started to freelance taking PSD2HTML (markup /layout creation) tasks. Later i mostly worked as website developer and have done all kind of tasks (bugfixes, websites/stores, WP, CMS etc.).

And In 2018 i switched to JavaScript. Eventually, i learned NodeJS, VueJS (Vuex, NuxtJS) and ReactJS (with Redux).

COMMERCIAL EXPERIENCE:

My commercial experience as a JS developer (ReactJS and Vue) is 1+ year for now.

Commercial experience in FrontEnd (markup/layout developement, WP, php and other tasks) - 2+ years.
